CONSTITUTIONAL CONVENTION.

WARREN BRISTOL,
RICHARD P. BART,
JOHN D. BAIL.

GRANT and Dona Ana counties will have remarkably strong delegations in the constitutional convention.—New Mexican.

THE republicans of Sierra county have nominated R. M. White and Nicholas Galles for the constitutional convention.

THE El Paso & White Oaks road is once more busted. Fate and poor management seem to be against the completion of this road.

LAS VEGAS is calling loudly for a 1,000 acre cemetery. When this is procured it will be advertised as one of the attractions of that place as a health resort.

THE Sentinel appears to be very anxious to have Rev. Williams run for the constitutional convention. Why did not the editor of the Sentinel secure his nomination at the last convention?

THE Golden Nine is the name of a new ten page paper just started at San Pedro. There is no use wishing the paper prosperity for it struck prosperity and boom, spelled with three o's, from the first turn out of the box.

GRANT county stands eleventh in the territory in the number of school children, but it stands fourth in the amount of money apportioned for school purposes, and it stands second, Sierra county stands first, in amount of money apportioned for each child of school age. Grant and Sierra are American counties.

ONLY two weeks passed after the adjournment of the Michigan legislature before the supreme court declared one of the bills passed by it unconstitutional. Arizona's legislature just adjourned did not make as bad a break as that as far as heard from.—Prospector.

Has Arizona got a constitution?

THE year 1892 will be the 400th anniversary of the arrival of the late Christopher Columbus in this hemisphere. He was the first of the long line of "assisted emigrants" which have been wending their way in this direction ever since. To properly commemorate this important event it is proposed to hold a grand world's fair at New York in 1892. A meeting of prominent New Yorkers, called by the mayor, was held last Saturday for the purpose of starting the ball rolling. If you calculate to attend this fair you had better begin saving money for it now.

THERE is a prize fight advertised to take place at Pinos Altos next Sunday between McDaniel of Carlisle and McNelly of Pinos Altos. Both are said to be pretty husky men, but McNelly has a little advantage in size. In this connection it is interesting to compare the stature of Gov. Lowry of New Mexico. When the Sullivan-Kilrain fight was on the tapu Gov. Lowry issued proclamations prohibiting it, called out the militia to prevent it, and instructed the sheriffs to arrest everybody. The result everybody knows and the people have not yet got through laughing at the Mississippi governor. Gov. Prince knows that proclamations have no effect at an altitude of 7,000 feet, the New Mexico militia has been on a strike ever since the legislature adjourned to pay for the services rendered during the termination campaign, and sheriffs well experience has shown that sheriffs are human. So Gov. Prince is not making a holy show of himself now and will not become the laughing stock of the territory after the fight.

MINING MATTERS.

Reports from Various Camps.—Items of General Interest to Miners.

The latest quotations are: Silver 93 1/2; copper 11 5/8; lead 3 87 1/2.

A San Francisco mining expert has been in the country this week examining some properties.

The Detroit copper company has not as yet shut down, but has stopped shipping in coke and it is reported the company will shut down when the present supply of coke is used up.

"Dad" Severance, the father of Dos Cabezas, came over yesterday from that hopeful camp. He informs us that the time for the putting up of the money for the Casey group of mines has been extended to August 8th. The country, Mr. Severance states, is looking very prosperous in his section. Everybody living there is hopeful of the future, and the day is not far distant when this camp will astonish the world with its output of gold bullion.—Prospector.

Mrs. O. S. Warren Talks.
INSURANCE OFFICE OF
MRS. O. S. WARREN,
SILVER CITY, N. M., JULY 24, 1890.

To the Editor of the Western Liberal, Lordsburg, N. M.
DEAR SIR—Will you please correct the statement made in your last issue that Mr. C. T. Warren visited your city as a representative of my office. All business and family relationship between myself and this gentleman was severed months ago, and I cannot credit the fact that he made the statements attributed to him. If he did it was certainly a very dishonorable thing to do.

Concerning the new water works and fire department you can say that I have made a full report to the "Board of underwriters" upon data obtained during my recent visit to Lordsburg, and the same will be acted upon in due course.

Thanking you and all my good friends at Lordsburg for past favors and asking a continuance of your patronage.

Very truly,
MRS. O. S. WARREN.

W. A. Leonard is again suffering from an attack of poetic fever, as was exemplified in last week's Enterprise. When he has an attack like this it is generally more serious than typhoid fever. A dispatch received by the LIBERAL last night says he is still under the doctor's care, but is rapidly improving and expects to be out in time to attend the prize fight at Pinos Altos next Sunday.

The county commissioners have appointed the following election judges: Shakespeare O. R. Smyth, W. D. Griffith and W. C. Morrow; Gold Hill Jesse Kieker, Henry Keel and George S. Hughes; Carlisle Andrew Wiley, B. F. Reichard and J. E. Crane; Hachita Oscar Roberts, Louis Marshall and John Dennison.

Pete Peterson, who was arrested at Shakespeare a couple of weeks ago on the suspicion of being the Pete Olsen who murdered Mrs. Lyons at Napa, California, has been turned loose. The Napa authorities forwarded a picture of the original Pete Olsen and it did not look at all like Peterson.

Consumption Surely Cured.
TO THE EDITOR—Please inform your readers that I have a positive remedy for the above named disease. By its timely use thousands of hopeless cases have been permanently cured. I shall be glad to send two bottles of my remedy free to any of your readers who have consumption if they will send me their express and postoffice address. Respectfully, T. A. Stocum, M. C., 181 Pearl St., New York, 2

The New York Sun.

FOR 1889

And for the Democracy.
THE SUN believes that the campaign for the election of a Democratic Congress in 1890 and a Democratic President in 1892 should begin on or about the fourth of next March. The Sun will be on hand at the beginning and, up to the end of the most interesting and important political conflict since the war, doing its honest utmost, as ever, to secure the triumph of the Democratic party and the permanent supremacy of the principles held by Jefferson, Jackson and Tilden.

The great fact of the year is the return to absolute power of the common enemy of all good Democrats—the political organization for whose overthrow THE SUN fought at the front for fifteen years, the memorable years of Grant and the Fraud Hayes, and Garfield and Arthur.

It is the same old enemy that Democrats now confront, and he will be introduced in the same strong position. It has been carried once by brave and hopeful fighting. Do you not believe with THE SUN that the thing can be done again? Wait and see!

The hope of the Democracy is in the loyal efforts of a united press, cherishing no memories of past differences in non-essentials, forgetting everything but the lessons of experience, and that victory is a duty.

Probably you know THE SUN already as a newspaper which gets all the news and prints it in incomparably interesting shape; which chronicles facts as they occur and tells the truth about men and events with absolute fearlessness, making the complete and most authoritative journal published anywhere on earth; and which sells its opinions only to its subscribers and purchasers at two cents a copy—on Sunday four cents. If you do not know THE SUN, send for it and learn what a wonderful thing it is to be in the sunshine.
